

Software Subscription Agreement

Cloud payroll orchestration platform and support services

FICTIONAL SAMPLE FOR PRODUCT DEMONSTRATION ONLY. No real parties, employees, payroll records, or legal advice.

Reference	DEMO-SAAS-2026-033	Effective date	1 December 2026
Party A	QuillHR Cloud Ltd.	Party B	Mariner Logistics Group AB
Term	3 years; automatic 12-month renewals	Contract value	Annual subscription: EUR 180,000
Governing law	Sweden	Document state	Draft for review

This Software Subscription Agreement is made between QuillHR Cloud Ltd., a fictional cloud software provider, and Mariner Logistics Group AB, a fictional logistics enterprise. It governs access to QuillHR's payroll orchestration platform, implementation support, maintenance, and technical support for up to 18,000 active worker records.

In consideration of the mutual promises in this Agreement, the parties agree as follows.

1. Subscription rights

QuillHR grants Mariner a non-exclusive, non-transferable right during the Subscription Term to permit authorised users to access the hosted platform for Mariner's internal payroll operations.

Mariner must not resell the service, circumvent usage controls, scrape the platform, or use it to develop a competing product.

2. Implementation and support

Implementation services are limited to standard configuration, two production interfaces, administrator training, and migration of agreed configuration data.

Support is available during European business hours. Severity 1 incidents have a one-hour response target and continuous efforts until a workaround is available.

3. Fees and price adjustment

The annual subscription fee is EUR 180,000 excluding VAT, payable annually in advance within 30 days of invoice.

At each renewal, QuillHR may increase the subscription fee by 7 percent by giving at least 60 days' notice.

4. Availability and service credits

QuillHR targets 99.5 percent monthly availability, excluding planned maintenance, force majeure, customer systems, and emergency security maintenance.

Service credits of up to 10 percent of the affected monthly fee are Mariner's sole and exclusive remedy for failure to meet the availability target.

5. Data location and support access

Customer data will be hosted in the European Union. QuillHR support personnel in India and Canada may access limited customer data remotely when necessary to resolve incidents.

The parties will execute a Data Processing Agreement and appropriate transfer mechanism before production use.

6. Security and audit

QuillHR will maintain an information security programme aligned to recognised industry practices and will provide an annual independent assurance report on request.

Mariner may request one additional audit each year at its own cost on 30 days' notice, subject to reasonable confidentiality and operational safeguards.

7. Intellectual property

QuillHR retains all rights in the platform, documentation, configurations, and improvements. Mariner owns its data and grants QuillHR a limited right to process it to provide and secure the Services.

QuillHR may use aggregated and irreversibly de-identified service telemetry to improve the platform.

8. Liability

Each party's aggregate liability is capped at fees paid or payable in the 12 months preceding the event giving rise to the claim.

The cap does not apply to fraud, wilful misconduct, breach of confidentiality, or infringement claims. Data protection liability is subject to a separate cap of 150 percent of annual fees.

9. Term, renewal, and suspension

The initial Subscription Term is three years and renews automatically for 12-month periods unless either party gives 120 days' written notice before expiry.

QuillHR may suspend access for undisputed fees more than 30 days overdue, a material security threat, or unlawful use. Mariner has no termination-for-convenience right.

10. Exit and data export

For 30 days after termination, Mariner may export customer data using standard platform tools. Additional transition assistance is charged at QuillHR's then-current rates.

11. Governing law

This Agreement is governed by Swedish law. The courts of Stockholm have exclusive jurisdiction.

Schedule 1. Subscription order

Order item	Committed level	Commercial term
Active worker records	Up to 18,000	Included
Production interfaces	2	Included
Monthly availability	99.5 percent	Credits capped at 10 percent
